Dear Business Professional,

If you've ever thought about upgrading your current phone system and service to the latest technology with all features turned on, while at the same time getting the best pricing possible, but have been frustrated by confusing sales pitches and multiple service tiers, we have the answer for you. **Flat rate, all inclusive pricing** offered exclusively to clients of **Link Business Communications**. This is a new concept that eliminates all the guess work in choosing a phone system and carrier. Everything is included! All features including text messaging, all ongoing system tech support and even **NO CHARGE** replacement of any phone that may fail because of accident or age. **You may never have to think about buying new phones ever again!**

Please reach out to me so I can let you know how easy it would be for you to join our family of clients and get a better system and service for less than you currently pay!
